

JAYDEV DHARNE

Performance Marketing & Digital Marketing Executive (Fresher)

Kothrud, Pune | dharnejaydev1@gmail.com | +91 9371420359 | [linkedin.com/in/jaydevdharne](https://www.linkedin.com/in/jaydevdharne)

PROFESSIONAL SUMMARY

Performance Marketing and Digital Marketing professional with hands-on experience in SEO, Google Ads, Meta Ads, GA4, GTM, and conversion tracking. Experienced in campaign optimization, website analytics, and end-to-end tracking implementation through internship and practical projects. Strong analytical mindset backed by a Computer Science degree, with demonstrated ability to configure 9+ GA4 events across a live e-commerce website and validate full-funnel user behavior tracking.

SKILLS

Paid Advertising: Google Ads (Search, Display), Meta Ads

Analytics & Tracking: GA4 (Google Analytics 4), GTM, Conversion Tracking, UTM Tracking, Google Search Console

SEO: On-page & Off-page SEO, Technical SEO Audits, Keyword Research

Tools & Platforms: Excel, Power BI, Canva, WordPress

EXPERIENCE

Digital Marketing Intern | [Digitize Brand Hub \(India\) Pvt. Ltd.](#)

Oct 2025 – Dec 2025

- Conducted technical SEO audits and implemented on-page improvements (meta tags, headings, URL structure, internal linking).
- Executed off-page SEO activities including link building, directory submissions, and social bookmarking.
- Assisted in planning and managing Google Ads campaigns across Search and Display networks.
- Monitored paid campaigns and analyzed CTR, CPC, impressions, and conversions to identify optimization opportunities.
- Implemented and validated website tracking using GA4, GTM, and Google Search Console to monitor user behavior and campaign performance.

Frontend Developer Intern (Remote) | [Humming Byte Technologies](#)

Jun 2023 – Nov 2024

- Built responsive UI pages and supported frontend tasks using HTML, CSS, and JavaScript.

PROJECTS

Grocery Store Website — GA4 & GTM Implementation — Demo Project

- Configured 9+ custom GA4 events via GTM on a live grocery e-commerce website — including
- Events tracked: add_to_cart, purchase, form_submit, view_search_results, login, sign_up, remove_from_cart, scroll, and page_view.
- Built complete e-commerce funnel tracking with scroll depth monitoring across 9 of 12 pages.
- Verified all event firing using GTM Preview Mode, GA4 DebugView, and Real-time reports.

B2B Lead Website — GA4 & GTM Lead Tracking — Demo Project

- Implemented lead form conversion tracking (generate_lead event) using GA4 + GTM.
- Validated full event firing pipeline using GA4 Real-time reports and DebugView.
